

**European Funding Consultancy**

**Bid Management Services**

Beta has been involved in providing advice and supporting the submission of EU funding applications for over 15 years. During that period, we have provided advice to clients and supported applications to the following EU programmes: Framework Programmes 3 to 7, Intelligent Energy Europe, Eco-Innovation, LIFE + and Interreg.

Our knowledge of EU funding is underpinned by sector knowledge in the following areas:

- Environmental and low carbon technologies
- Metals and materials
- Health and bioscience
- Food and nutrition
